

AGIP RACING 2T

AGIP RACING 2T is a super high performance lubricant expressly formulated for use in air-cooled and water-cooled two-stroke engines of very high performance (motorbikes, karts, etc). It has been conceived for premix use.

The product is based on synthetic basestock and castor oil. It is suitable also for use with unleaded fuel.

CHARACTERISTICS (TYPICAL FIGURES)

AGIP RACING 2T

Viscosity at 100° C	mm ² /s	20
Viscosity at 40° C	mm ² /s	182
Viscosity Index	-	130
Flash Point COC	°C	210
Mass Density at 15° C	kg/l	0,895

PROPERTIES AND PERFORMANCE

- Its special formula ensures superior cleanliness of the pistons, of the rings area and the exhaust system to minimized power loss and preignition troubles.
- Its superior and carefully selected synthetic base oils ensures very high antiwear performances and excellent thermo-oxidative stability.

RECOMMENDATIONS

Shake well before proceeding to mixture preparation.
